

YOUR CURRENT VEHICLE

**2018 Chrysler Pacifica**

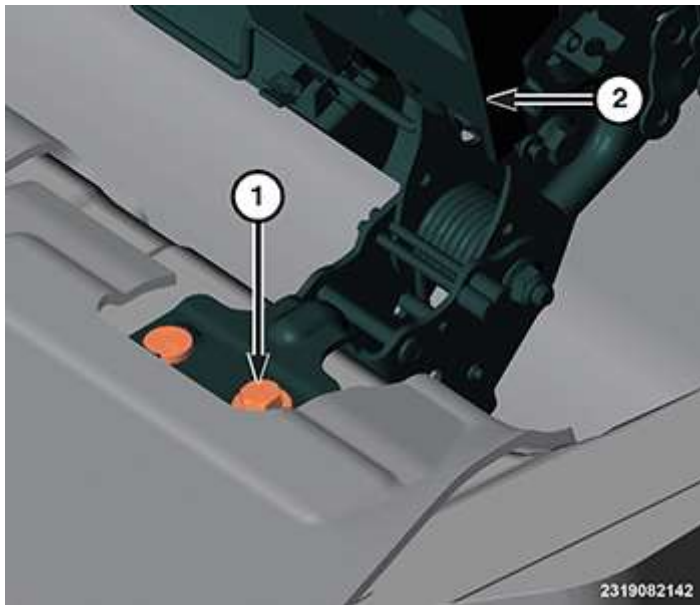

## Removal & Installation

### REMOVAL AND INSTALLATION

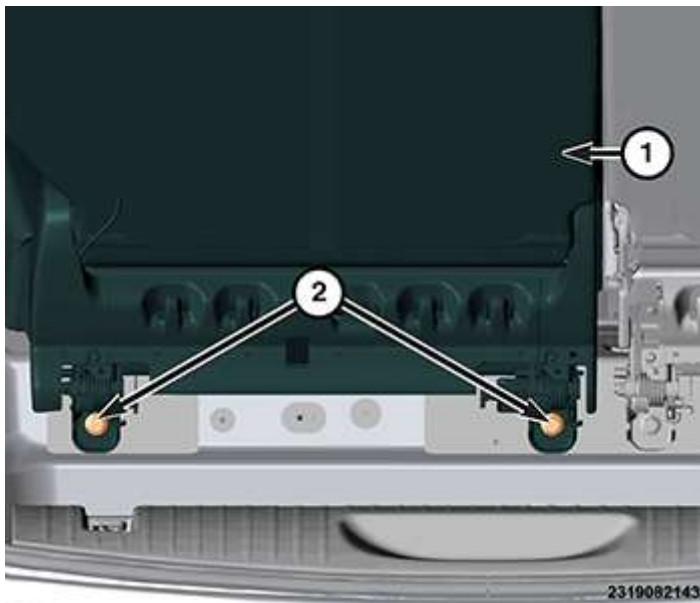

#### REMOVAL

1. Fold the third row seat into the floor.
2. Using a trim stick, release the push fasteners (2) and remove the hinge cover (1).

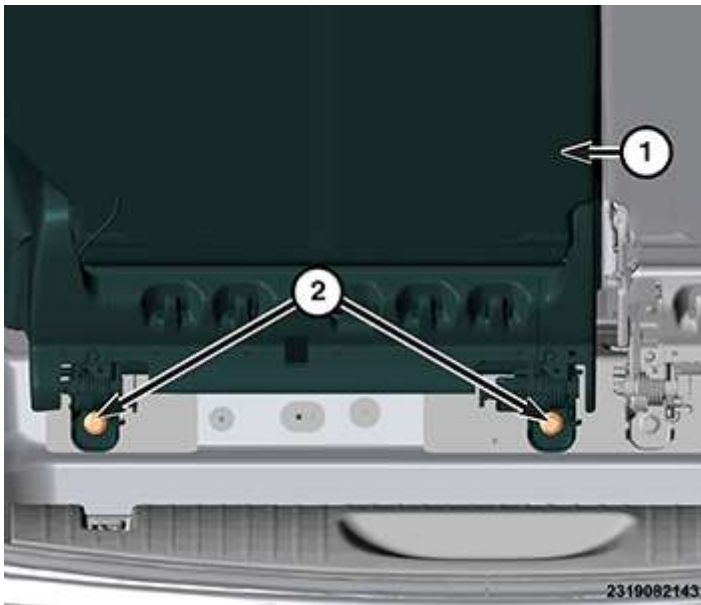

3. With the third row seat folded into the floor well, remove the top-side bolts (1) that secure the hinges to the floor.

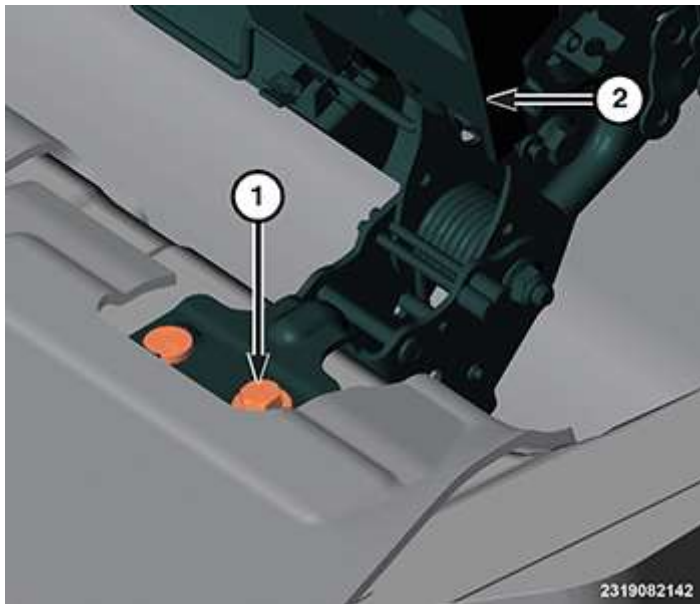

4. Raise the seat (1) to the upright position. Try not to latch the front leg into the floor. If latched, you will need to release the latch by hand.
5. Disconnect the electrical connectors.
6. Remove the bolts (2) that secure the hinges to the floor and remove the seat.

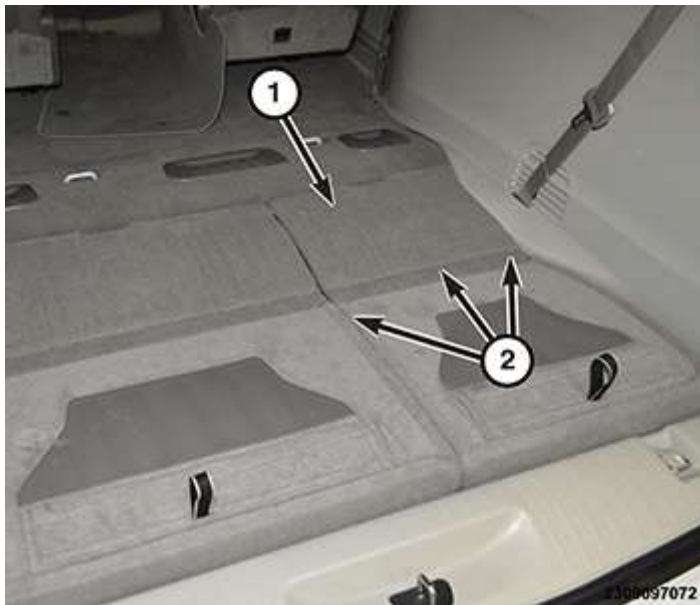

## INSTALLATION

1. Position the third row seat (1) into the vehicle.
2. Connect the electrical connectors.
3. Install the third row seat bolts (2) and tighten to the proper [\(Torque Specifications\)](#).

4. Fold the third row seat into the floor well.
5. Install the third row seat bolts (1) and tighten to the proper [\(Torque Specifications\)](#).

6. Install the hinge cover (1).

7. Using an appropriate scan tool, recalibrate the seats as required and verify proper seat operation  
(Refer to [Electrical/8N - Power Systems/Power Seats - Standard Procedure](#))(Refer To List 1).
