Removal & Installation

REMOVAL AND INSTALLATION

REMOVAL

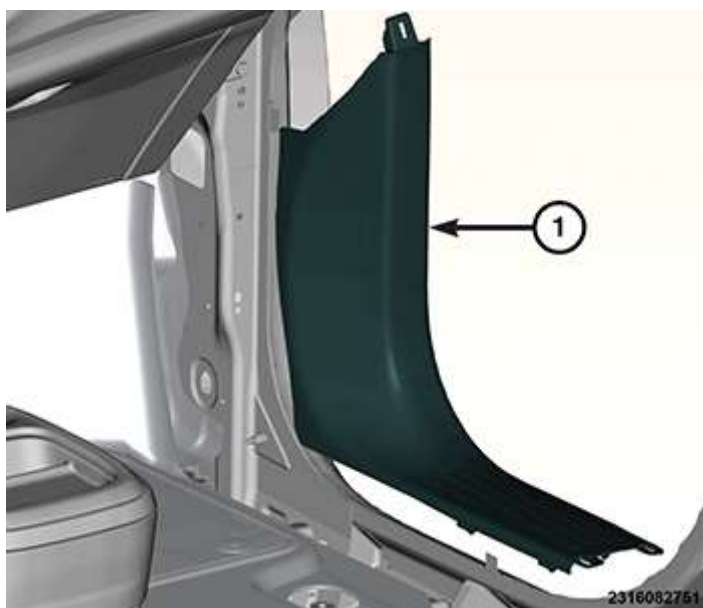

1. Using a trim stick or equivalent, release the A-pillar extension (1) then pull rearward to remove.
2. Using a trim stick or equivalent, separate the front of the lower B-pillar trim panel from the cowl side trim panel.

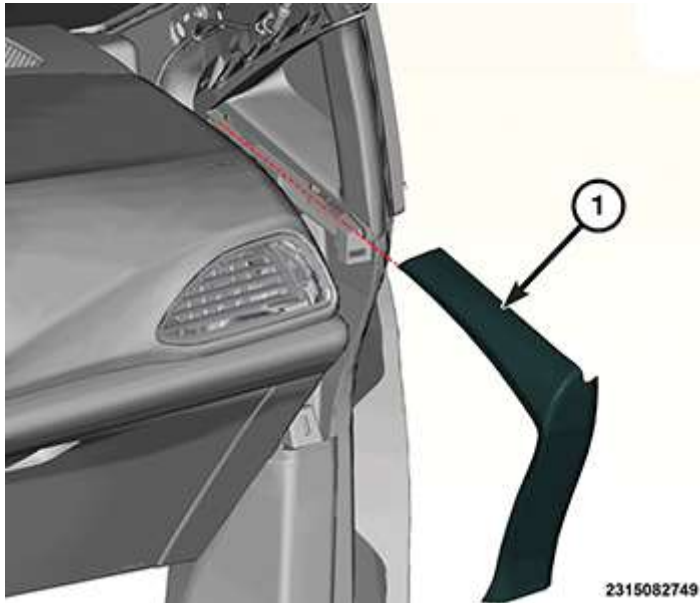

3. Lift the cowl side trim (1) at the rear, then pull rearward and remove.

INSTALLATION

1. Install the cowl side trim (1) at the front, then hand tap the rear to install the retaining clips.

2. Position the lower B-pillar trim panel (1) and hand tap to engage the retaining clips.

3. Position the top of the A-pillar extension (1) into the slots, then push forward to engage the retaining clips.
