Removal & Installation

REMOVAL AND INSTALLATION

REMOVAL

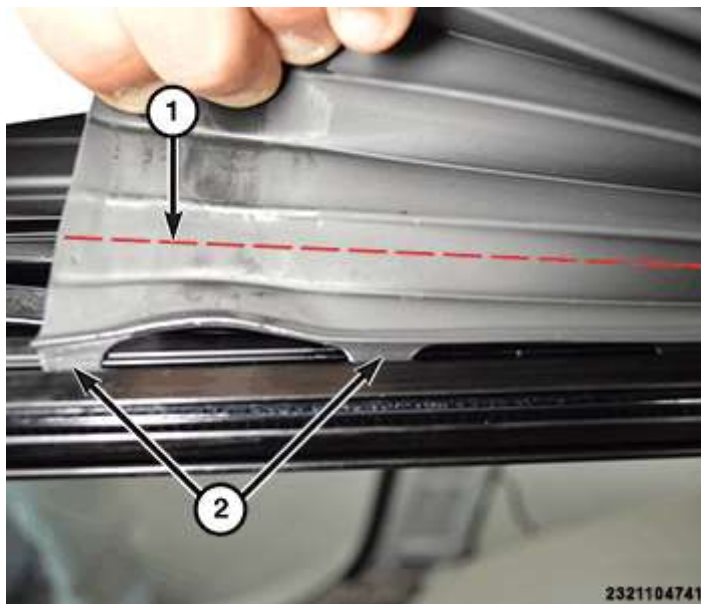

2321104739

1. Move the front glass into the full closed position.
2. Open the sunshade into the full open position.
3. Separate the mechanism cover (1) from the front glass.

NOTE

The mechanism cover snaps into the frame. It cannot be removed

4. Hold the mechanism covers down and open the front glass into the full open position.
5. Using scissors, cut the mechanism cover (1) along the entire length at the lowest fold.
6. Close the sunroof glass.
7. Slide the mechanism cover out the REAR of the frame. As you slide it out the end of the frame, bend it inboard and remove.

INSTALLATION

NOTE

The mechanism covers are different on each side, make sure you install them into the correct side.

1. With the sunroof in the open position, snap the mechanism cover into the lower guide channel.
2. Hold down each cover and close the sunroof.
3. Secure the mechanism cover onto the front glass.
