Removal & Installation

REMOVAL AND INSTALLATION

REMOVAL

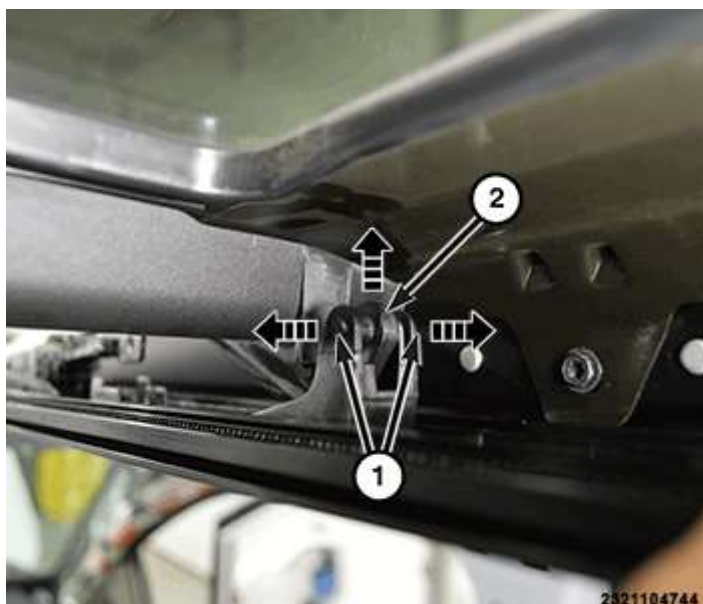

2321104739

1. Separate the mechanism cover (1) from the front glass.
2. Put the sunroof in the vented position.

NOTE

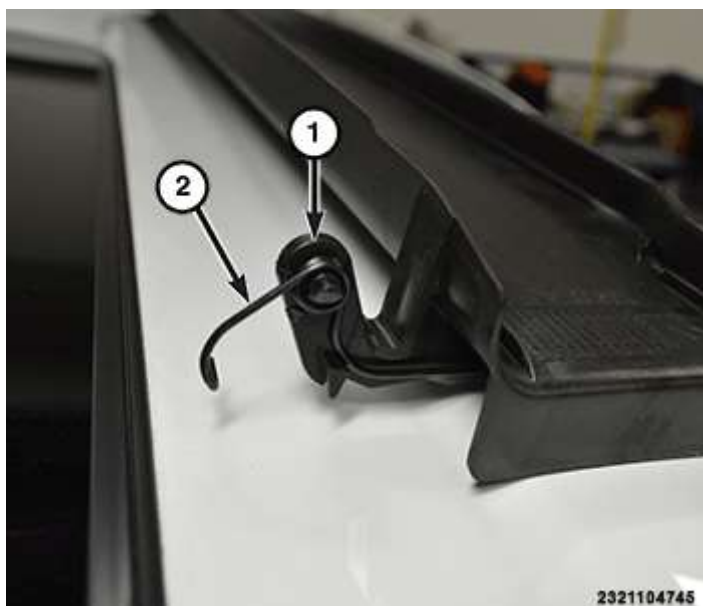

Be careful when prying apart the vertical uprights. If the uprights get damaged, the entire sunroof assembly must be replaced.

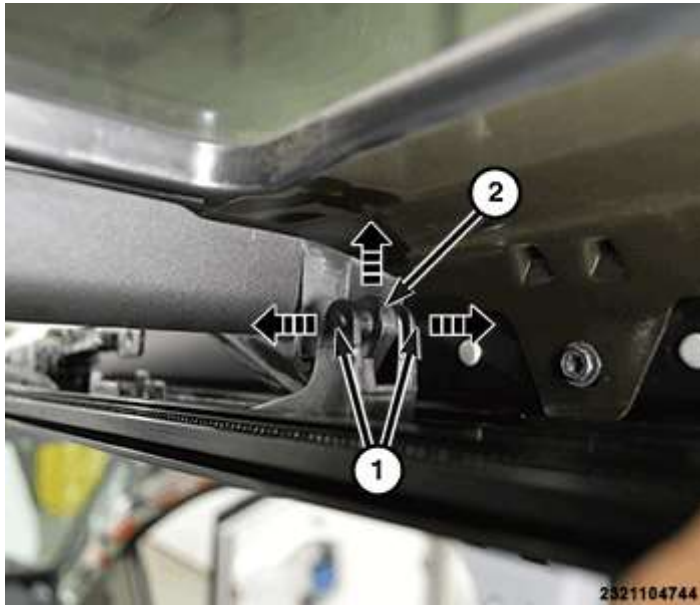

3. Remove each side of the drain channel (2) by prying apart the two vertical uprights (1), and lifting it.

4. Do this on each side of the drain channel, then remove.

INSTALLATION

1. Place channel spring (2) over channel axle (1).

2. Carefully snap the drain channel (2) into the support (1) by pushing down on the channel while holding the spring in place.
3. Install the mechanism cover to the front glass.
