## Removal & Installation

### REMOVAL AND INSTALLATION

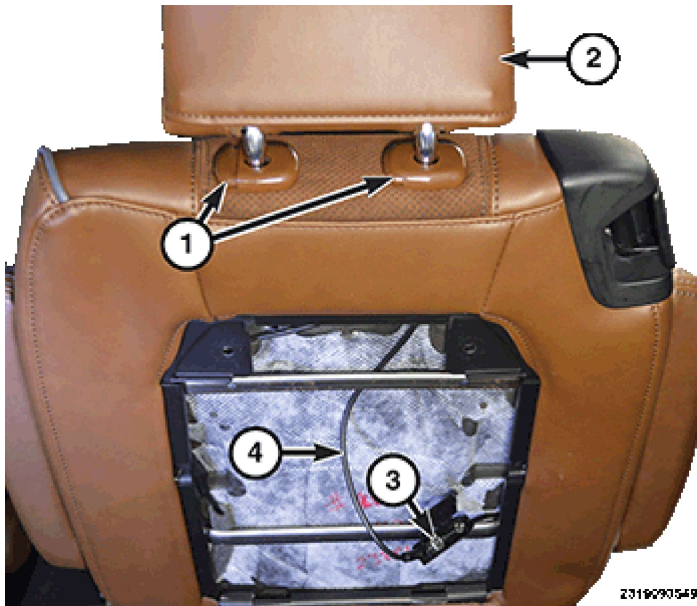

#### REMOVAL

1. Using a trim stick (2), release the top of the seat back panel (1), then lift and remove.

2. Using cutters, cut the metal retainer (2) and remove.

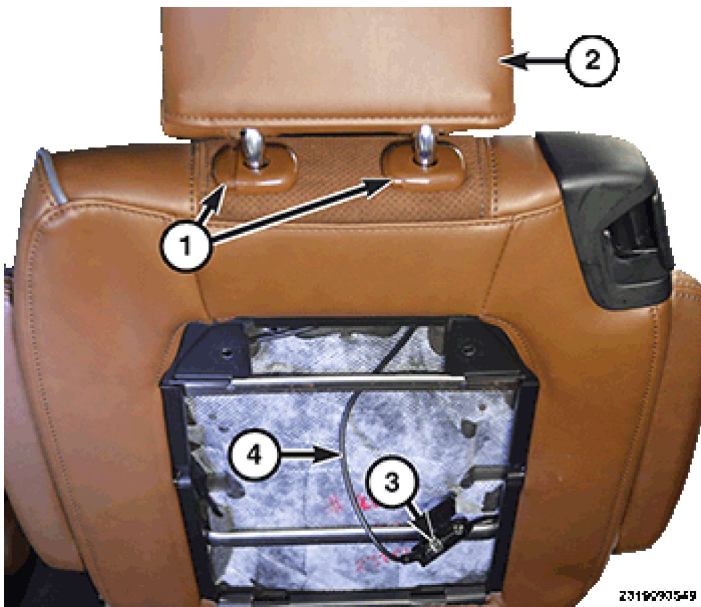

3. Open the cable junction box (3) and separate the headrest release cable end.

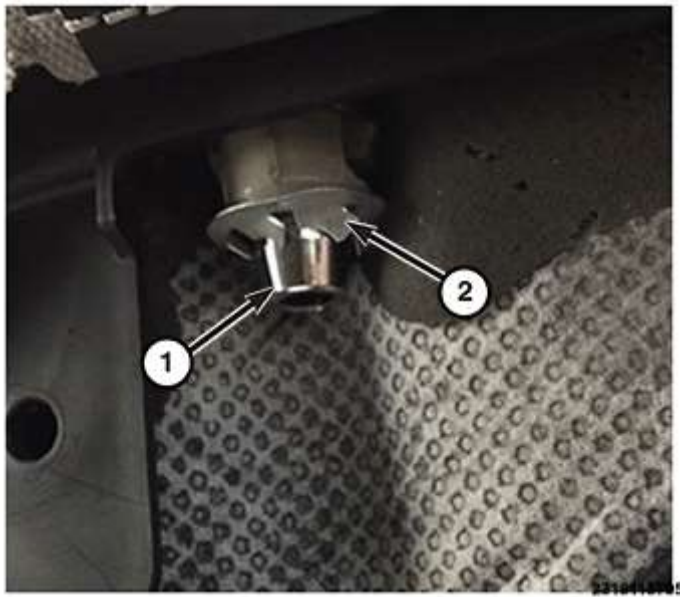

4. Press the headrest guide buttons (1) and lift the headrest (2) out.

5. Feed the headrest release cable (4) through the headrest guide.

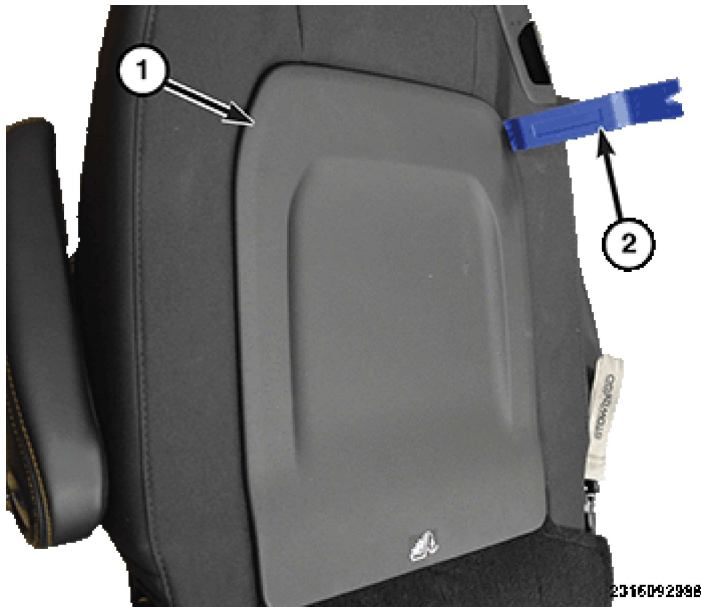

## INSTALLATION

1. Feed the headrest release cable (4) through the headrest guide.
2. Install the headrest (2) fully and route the headrest release cable.
3. Open the cable junction box (3) and install the headrest release cable end.

4. Install a **NEW** metal retainer (2).

5. Install the bottom of the seat back panel (1), then engage the retaining clips at the top.
