REAR

REMOVAL

1. Remove the headliner ([Refer to Body/Interior/HEADLINER/Removal and Installation](#)).
2. Disconnect the rear drain tube (1) from the sunroof.
3. Remove the drain tube grommet out of the rear quarter panel.
4. Remove the rear drain tube from the retaining clips (2 and 3) and remove.

INSTALLATION

1. Route the rear drain tube and install the grommet into the inner quarter panel. Make sure the grommet is fully seated.
2. Install the rear drain tube into the retaining clips (2 and 3).
3. Connect the rear drain tube (1) to the sunroof.
4. Install the headliner ([Refer to Body/Interior/HEADLINER/Removal and Installation](#)).
