Removal & Installation

REMOVAL AND INSTALLATION

REMOVAL

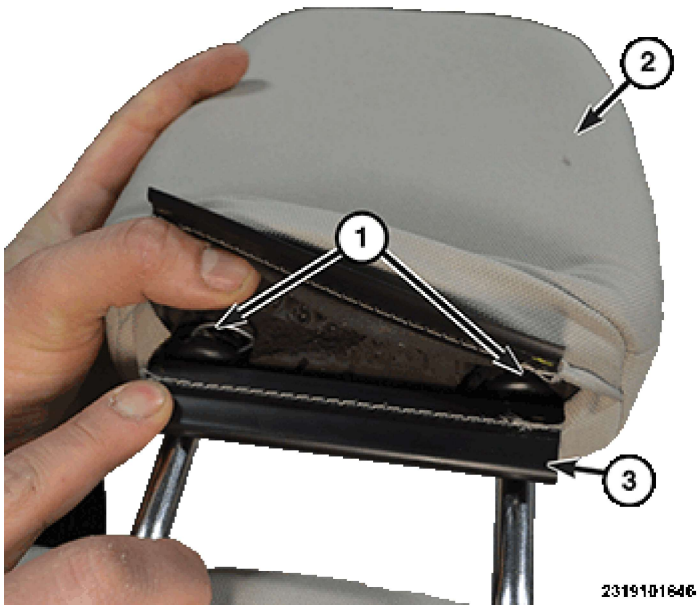

NOTE

This applies to the outboard headrests only.

1. Release the headrest and fold it down slightly.
2. Open the trim cover clip strip (3).
3. Using a small flat bladed tool, remove the two metal clips (1) that are in the plastic guide.
4. Pull the headrest (2) off the posts.
5. The headrest trim cover can now be removed, if necessary.

INSTALLATION

1. Install the metal clips (1) fully into the plastic guides, **before** installing it onto the posts.
2. Slide the headrest onto the posts until the clips engage into the notches in the posts. An audible click will be heard.
3. Pull on the headrest to make sure it is fully engaged.
4. Close the trim cover clip strip (3).
