2018 Chrysler Pacifica

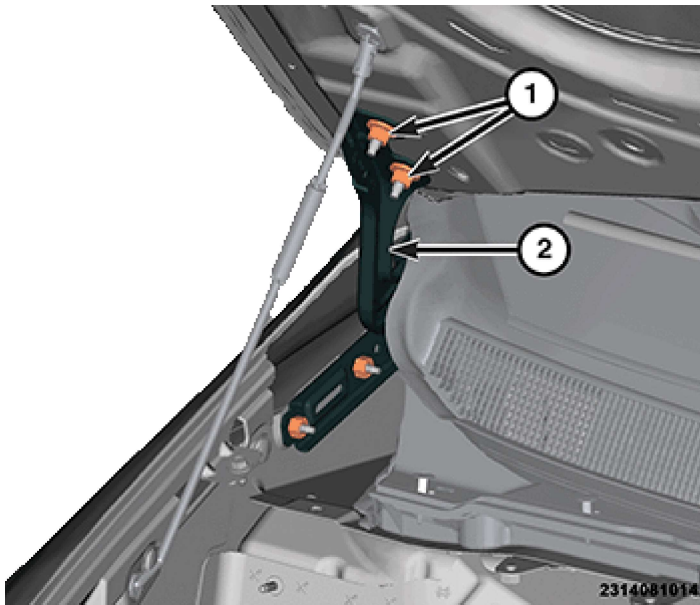

Removal & Installation

REMOVAL AND INSTALLATION

REMOVAL

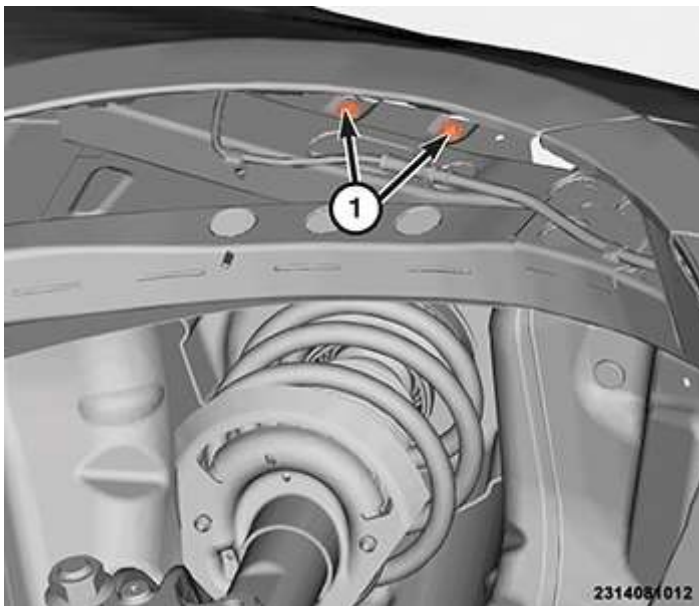

1. Open and support the hood with a suitable prop or block.
2. Using a grease pencil or equivalent, mark the position of the hood hinge to aid in installation.
3. Remove the front wheelhouse splash shield ([Refer to 23 - Body/Exterior/SHIELD, Splash/Removal and Installation](#))([Refer To List 1](#)).
4. Remove the two hood hinge bolts (1) from the body.

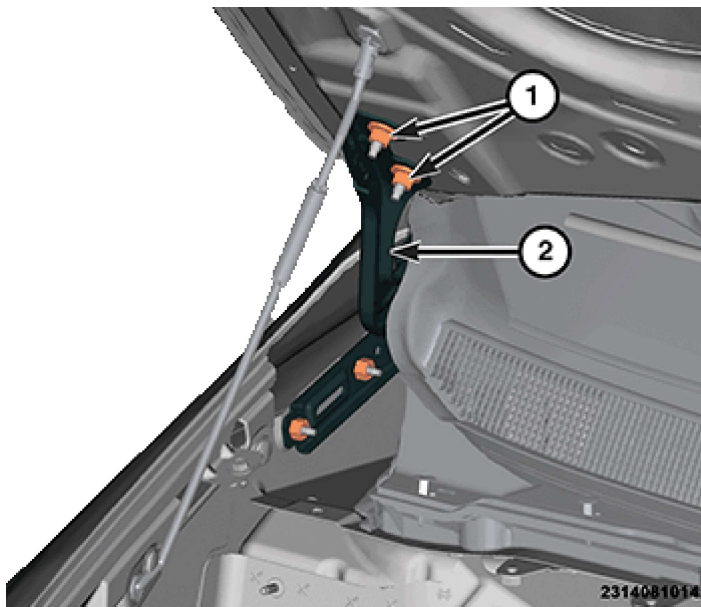

5. Remove the two hood hinge nuts (1) and the hood hinge (2).

INSTALLATION

1. Position the hood hinge onto the vehicle and loosely install the bolts (1).
2. With the help of an assistant, align the hood hinge with the reference mark made previously and tighten the hood hinge to body bolts to the proper [Torque Specifications](#).

3. Position the hood to the hood hinge (2) and loosely install the nuts (1).
4. Align the hood hinge with the reference mark made previously and tighten the hood hinge to hood nuts to the proper [\(Torque Specifications\)](#).
5. Verify proper hood latch operation and fit of hood. Adjust if necessary [\(Refer to Body/Body Structure/Gap and Flush/Specifications\)](#).
6. Install the front wheelhouse splash shield [\(Refer to Body/Exterior/SHIELD, Splash/Removal and Installation\)\(Refer To List 1\)](#).
